PRESS RELEASE

USPTO Grants Patent and Trademark Status to TurnX Tools' ULT Multi Screwdriver

Delta, BC, AUGUST 21 - TurnX Tools Inc. announces the US Patent and Trademark Office (USPTO) grant of Patent and Trademark status to the company's invention, ULT – Ultimate Multi Screwdriver, Patent No. D1,039,932. Securing patent and trademark protection validates the innovation and proprietary attributes the ULT brings to the marketplace while strengthening the company's IP portfolio.

Rolf Effertz, TurnX Tools President & Inventor, added "In the beginning, we created and established 'PHLiPBiT' as a brand. Now we have the ULT - it's an unbeatable one-two punch! I'm thankful to our partners and the TurnX Tools team for making my vision a reality. As a Canadian company, we've been able to engage, energize and showcase a unique value proposition with a connected line of power tool accessories that generates repeat sales and end-user loyalty for our dealers."

TurnX Tools is the distributor and supplier of "PHLiPBiT", World's largest selection and combinations of Double Ended Impact Bits, and "ULT", World's First Interchangeable Impact Bit and Screwdriver. Available in building supply, trade professional specialty stores, and e-commerce platforms across Canada and United States.
